

Brad Wittmann

IPM Sales & Service Specialist

History with Wil-Kil:

Brad joined Wil-Kil in 2015.

Approach to Pest Control: When it comes to pest control, there isn't really a single "best" approach. Depending on the customer I am working with, I need to be flexible to their needs and their concerns. That's how I approach pest control, by being flexible and knowing that the most important thing I do is make my clients happy by taking care of their pest issues.

Pest Control Certifications:

7.1 Structural Pest Control
